

SilverDoor becomes RES Forum APAC Technical Partner

The RES Forum and SilverDoor are delighted to announce that SilverDoor is the RES Forum's new Technical Partner in APAC.

SilverDoor, the world's leading serviced apartment agent, is already a Technical Partner for RES Forum EMEA, and, after recently establishing an APAC headquarters in Singapore, has taken up the same role with the relocation and mobility network in the APAC region.

As Technical Partner, SilverDoor supports the RES Forum and its members by providing industry leading insight into the role of serviced apartments in modern mobility and also collaborates to host events for HR and mobility professionals.

Caroline Saunders, Group Head of Marketing at SilverDoor commented: "We're delighted to expand our support to include the RES Forum and its members the APAC region. We've been part of the RES Forum in EMEA for a number of years now and look forward to getting involved with the relocation community in this exciting, growing market."

The SilverDoor Asia headquarters opened in November 2016 and is located in the prestigious One Raffles Place development, in the main business district of Singapore.
