

Palladium Mobility Group

New RES Forum Technical Partner for Destination Services Provision (Germany)

London 26th July 2017 –The RES Forum are delighted to welcome our new technical partner for Destination Services Provision (Germany), **Palladium Mobility Group** www.palladium-mobility.com

The Palladium Philosophy

A transfer, national or international, means a real challenge for the employee and his family and the failure of a transfer is not only frustrating for the employee and his family but also extremely expensive for the employer. Palladium Mobility Group will accompany the employee in a sensitive manner, helping make the transfer as successful as possible for all parties involved. Our multilingual specialists have all been expats themselves and thus have a very good understanding of the transferees' needs and fears. At **Palladium**, we strive to take into consideration all aspects of a national or international transfer so that the employee and his family will adapt to the new surroundings and feel comfortable quickly.

Markus Demuth (Palladium Mobility Group) said, “We are delighted to have the opportunity to become a RES Forum Technical Partner and look forward to the opportunity of working together, introducing our customers to the many benefits of RES Forum Membership. I genuinely believe the RES Forum values and culture of collaboration, research and shared learning will prove to be a fantastic asset to our clients.”

David Enser (The RES Forum) said, “We welcome **Markus Demuth** (Managing Director) and **Steffen Keller** (Sales Director) and their team at **Palladium** as our new Technical Partner for **Destination Services Provision (Germany)**. Working in conjunction with Markus and Steffen we have big ambitions to grow the RES membership through a combination of digital expansion and engagement and local representation in key mobility markets and the addition of Palladium as a new Technical Partner strengthens our proposition.”

At the RES Forum, we partner with organisations considered to be the 'best-in-class' in their area of specialism within the field of Global Mobility and our Technical Partners are there to offer our members access to specialist knowledge, services and advice. We continually look for ways of working together with our Technical Partners to bring value to you, our members, and to support you in your work. Our partnerships also provide the opportunity for you to attend unique events and learning sessions hosted exclusively by Technical Partners of the RES Forum.

The RES Forum (www.theresforum.com) was created in 2006 as an independent community for International HR & Mobility professionals and is now the largest and most active network, specialising in global mobility survey data, modelling and analytics. Over 1400 members from 725 of the world's leading companies in 41 countries, all mobility professionals, have joined the RES Forum and are active participants in knowledge sharing in an increasingly growing online community.

After celebrating its 5-year anniversary in 2016, Palladium continues to grow and has established itself as one of the most reliable relocation and immigration partners in Germany.

International companies from all sectors trust Palladium to look after their employees - whether home finding, school search or work and residence permits. The team at Palladium Mobility Group assumes responsibility, lives the service and appreciates its partners and clients.
