

Lexicon Relocation

New RES Forum Global Technical Partner for Relocation Management

London 12th January 2018 –The RES Forum are delighted to welcome our new global technical partner for Relocation Management, **Lexicon Relocation** www.lexiconrelocation.com

Lexicon Relocation is a leading provider of global mobility services. With a focus on providing flexible solutions for clients of every size, Lexicon Relocation supports corporate and government organizations, their employees and their mobility programs throughout the world. Lexicon Relocation has full-service facilities strategically located around the world in Shanghai, China; Newbury, England; Shelton, CT; Atlanta, GA; Cincinnati, OH; and Irvine, CA, with corporate headquarters in Jacksonville, FL. By staying true to the basic principles that have been in place since Lexicon Relocation's inception in 1993, most importantly listening to the needs and the voice of customers, Lexicon Relocation focuses on what is on the horizon and creates effective and economically grounded solutions. Innovation is at the very core of Lexicon's business model and they continually reinvent the way they serve customers. Lexicon Relocation brings the world to your doorstep, one employee at a time.

To find out about **Lexicon Relocation** and our other Technical Partners and how they can support you in your role as a GM specialist, Click here www.theresforum.com/partners/

Melanie Klaschka (Lexicon Relocation) said, "We are delighted to have the opportunity to become a RES Forum Technical Partner and look forward to the opportunity of working together, introducing our customers to the many benefits of RES Forum Membership. I genuinely believe the RES Forum values and culture of collaboration, research and shared learning will prove to be a fantastic asset to our clients."

Chris Kline (The RES Forum) said, "We welcome **Melanie Klaschka** (Director, Global Business Development Strategy) and her team at **Lexicon Relocation** as our new Technical Partner for **Global Relocation Management**. Working in conjunction with Melanie we have big ambitions to grow the RES membership through a combination of digital expansion and engagement and local representation in key mobility markets and the addition of **Lexicon Relocation** as a new Technical Partner strengthens our proposition."

At the RES Forum, we partner with organisations considered to be the 'best-in-class' in their area of specialism within the field of Global Mobility and our Technical Partners are there to offer our members access to specialist knowledge, services and advice. We continually look for ways of working together with our Technical Partners to bring value to you, our members, and to support you in your work. Our partnerships also provide the opportunity for you to attend unique events and learning sessions hosted exclusively by Technical Partners of the RES Forum.

The RES Forum (www.theresforum.com) was created in 2006 as an independent community for International HR & Mobility professionals and is now the largest and most active network, specialising in global mobility survey data, modelling and analytics. Over **1500** members from **740** of the world's

leading companies in **41** countries, all mobility professionals, have joined the RES Forum and are active participants in knowledge sharing in an increasingly growing online community.
