

New RES Forum Technical Partner for International Employee Benefits

London 12th September 2019 –The RES Forum are delighted to announce they have signed a new Technical Partnership with **Worldwide Broker Network** www.wbnglobal.com

Alan Fergusson (WBN) said, “We are delighted that **WBN** and **RES Forum**, two global organisations who serve the HR, Global Mobility and Rewards markets are able to enter this partnership. The WBN Employee Benefit message is strong, and employers with multinational sites and employees will benefit from our expertise and insight.

David Enser (The RES Forum) said, “We welcome **Alan Fergusson** (Director of Employee Benefits) and his team at **WBN** as our new Technical Partner for **International Employee Benefits**.

RES Forum is thrilled to continue our transformation of the model of GM & cross-border employment advice through our partnership with **WBN**, our focus on member engagement and digital value continuing to bear fruit,

- Global events and member engagement – access a global team of digitally connected in-house HR, Reward and GM peers, an extension of your knowledge network, virtually or face to face in over 15 locations annually. For details of events, click [here](#)
- Analytics – using risk & policy analytics, we are helping over 450 multinational organisations to derive real-time insight into policy & benefit norms as well as mitigate programme risk through comparative insight and the expertise of RES Forum & partners. To learn more read [here](#)
- E-learning & digital change management – we have transformed learning practices through gamified digital & blended learning for over 750 in-house HR & service provider professionals in more than 45 countries. To learn more about how RES Forum e-learning programmes can help successfully embed change in your, or your client’s organisation, please click [here](#)
- Our digital research agenda, co-authored with leading UK and overseas research universities, continues to set the standard for thought-leadership whilst reaching greater and greater audiences via print & digital media houses. To read our latest publication click [here](#)
- Our digital platform development, ReedgeHR, aiming to be the pinnacle in automated, integrated, EVP-centric HR tech, edges closer and closer to reality. Without wishing to give the game away now.....if you’d like to learn more, please do sign up and come along to any of our upcoming events, details for which may be found [here](#)

Our goal remains as it ever was – to serve our HR peers & colleagues with the information they need to define their narratives, and the tools they need to win their battles, and in doing so, to transform the model of GM advice.

At the RES Forum, we partner with organisations considered to be the 'best-in-class' in their area of specialism within the field of Global Mobility and our Technical Partners are there to offer our members access to specialist knowledge, services and advice. We continually look for ways of working together with our Technical Partners to bring value to you, our members, and to support you in your work. Our partnerships also provide the opportunity for you to attend unique events and learning sessions hosted exclusively by Technical Partners of the RES Forum.

The RES Forum (www.theresforum.com) was created in 2006 as an independent community for International HR & Mobility professionals and is now the largest and most active network, specialising in global mobility survey data, modelling, e-learning and analytics. Over 1800 members from 788 of the world's leading companies in 41 countries, all mobility professionals, have joined the RES Forum and are active participants in knowledge sharing in an increasingly growing online community.
